ADVERTORIAL

## Dr. Babasaheb Ambedkar Open University

### Empowering Education through Innovation and Technology

BAOU Education for All | Dr. Babasaheb Ambedkar Open University

**Prof. (Dr.) Ami Upadhyay**
Vice Chancellor

Established in 1994 by the Government of Gujarat in the name of Bharat Ratna Dr. Babasaheb Ambedkar, the state's only open university has, over three decades, continuously expanded the horizons of education through collective effort and innovation. The aim of education here is not merely to award degrees, but to democratize knowledge. Located on S.G. Highway in Ahmedabad, the serene and grand "Jyotirmay" campus has today become a hub of modern education, recognized by the UGC. The university is now counted among the leading open universities in the country.

**The Rise of an Educational Revolution and Dr. Ambedkar's Vision**

Since its establishment, the university achieved a remarkable milestone in 2022 by securing an A++ grade from NAAC in its very first cycle, ranking first among open universities in India and leading among all state universities in Gujarat. This achievement reflects the university's academic excellence, administrative efficiency, and commitment to innovation.

Dr. Babasaheb Ambedkar Open University is not just an institution, but an educational movement dedicated to holistic social development. Since its inception, its mission has been to realize the noble vision of "Education for All."

Today, the university offers more than 100 undergraduate and postgraduate programs. Courses are also available through the SWAYAM platform and other online modes. These programs are designed with modern technology, skill development, and industry needs in mind. Through 10 regional centers and over 300 study centers across the state, the university is making education accessible at people's doorsteps.

Accorded with CATEGORY UNIVERSITY 1 GRADED AUTONOMY by UGC

NAAC ACCREDITED A++ GRADE 3.55/4

At a time when education is becoming expensive and limited, BAOU continues to uphold its mission of "Education for All." It is not just a building but a movement that has opened the doors of knowledge to everyone. Admission does not require high percentages or standing in long entrance exam queues—only a desire to learn.
