Read the following paragraph and answer the following questions:

The vast majority of people wherever they leave and whatever their occupation come in contact with animals in one way or another and have to deal with them. It is obvious that the hunter has to know the ways of his quarry that the farmer must be aware of the habits of his farmyard animal's end of creatures that damage crops that the fisherman must know when and where to find his fish and how to outwit them. Even the modern city dwellers meet animals. He may want to ward off roaches in the kitchen or he may keep a dog or a bird and grow familiar with the way his pets behave. All over the world among primitive tribes as well as in modern society, there are those who delight in the observation of animals and there is growing awareness of the fact that sharing our world with our fellow creatures is like travelling together the joy being surrounded by other beings who like ourselves are deeply absorbed in the adventure of living that is a growing sense of marvel and also affinity.

1. What title would you like to give this paragraph?
2. Why does the hunter need to know the ways of his quarry?
